

Wireless Motion Sensor LED Spotlight with Remote

Item #
MB370 White
MB371 Dark Brown

Key Features

- **Motion Sensor Activated:** The Remote Controlled Spotlight instantly turns on when it detects motion from up to 30 feet away. The motion sensor can be turned on or off with the remote. The light sensor helps to prevent light from activating in daylight.
- **Easy to Install:** No wires = quick and easy installation in under 5 minutes; no electrician required.
- **Energy Efficient:** Our high quality LEDs never need to be replaced. Your light will have increased battery life if brightness is on a lower setting.
- **Bright LEDs:** The bright LED provides three brightness options: 60, 90, and 140 lumens of neutral white light.
- **Multipurpose:** Brightly light up patios, decks, porches, yards, stairwells, hallways, garages, entrances/exits.
- **Durable, Weather Resistant:** Tight seals and UV resistant material allow the Mr Beams Spotlight to work in all weather conditions.
